
a 667 evidence records by class and source
Bluefors LD
Oxford TeslatronPT / OptistatDry
Quantum Design PPMS / DynaCool
Lake Shore CRX / CCS
Linkam THMS600
Leica CM1950
Experiment profiles (literature)
Coupled physics models
Thermal contraction (reference)
Mixing-chamber heat-load study

Physical properties
manufacturer specification (361)
experimental observation (141)
reference data (60)
textbook model (18)
inferred estimate (13)
unknown (value not stated) (74)
implemented, with documented data (25)
representable, no equipment data (14)
representable only (1)
